## Multifunctional Duct 250 x 140

The LSS *Multifunctional Duct 250 x 140* creates completely new ways in the construction of ducts with its exceptional design. Inside the duct two DIN rails offers plenty of space to install circuit breakers, boards and terminals and so on. The cover opens downwards and can be removed in a specific angle. On the cover there are two levels to mount devices, connectors or flaps. They can be placed according to your needs.

The LSS *Multifunctional Duct 250 x 140* and the *Dimmer Duct 250 x 140* have the same profile. Both ducts have mounting rails on the sides and the backside. So the ducts can be connected so that they form a visual and technical unit. A combined duct can include segments of dimmer and multifunctional ducts, depending on the need. The length of such a duct is practically limited only by the structural conditions.

The LSS *Multifunctional Duct 250 x 140* can be completed with ends with bar handles. They can be used as handles or as strain relief to protect the cables and the connectors for shearing and bending. Many other accessories can be found in the product catalogue Duct Profiles.

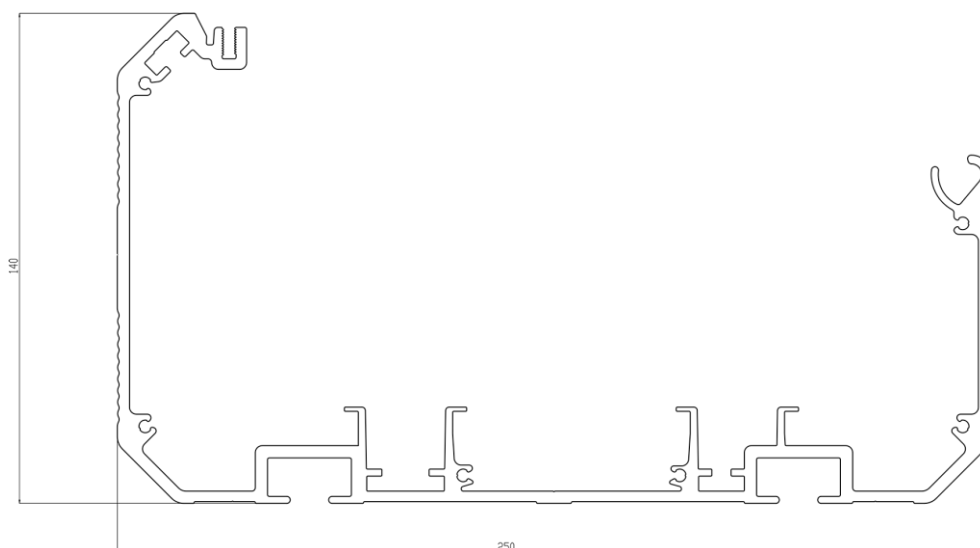

The LSS Multifunctional Duct 250 x 140 is made of extruded aluminium and comes black anodized. Other colours are available upon request.

| Part                | Dimensions                                       | Weight             | Order Number     |
|---------------------|--|--------------------|------------------|
| Duct 250 x 140      | 250 x 140 x 4000mm                               | 6,54 kg/m          | L04019           |
| Top Cover 250 x 140 | 225 x 62,39 x 1000mm                             | 3,58 kg/m          | L04020           |
| End caps 250 x 140  | 250 x 210 x 9,5mm                                | 1,0 kg             | L04023           |
| Connectors          | Big: 200 x 22 x 10mm<br>Small: 100 x 11,85 x 4mm | 0,35 kg<br>0,04 kg | L04025<br>L04026 |
| Accessories         | Top screws M4x12                                 |                    | L04027           |
